

X-Offender

Play it Loud (6-Track EP)

Day by day, in every way, I'm blue for you.

High-energy, old-school rock & roll from one of Switzerland's most renowned first-generation punk bands.

Born from the ripped T-shirts of '77, X-Offender were formed in 1992 and haven't looked back ever since. Nor have they given up their pure punk values.

Play it Loud is their latest outcry with switchblade-sharp guitars, thundering drums and bass, and thick, cream-fed vocals that take you back to a time when music truly mattered. Throw in a blistering sax and we dare you *not* dance or slam to any of these songs.
